

Overview

cyberconIQ offers innovative solutions that enable its customers to substantially reduce cyber risk through our patent-pending style assessment and adaptive learning platform.

Our approach positions cybersecurity as a team sport, and instills a cyberaware culture of trust and positive reinforcement. This empowers the readiness and strength of your human firewall.

Our Partner Program

In a nutshell...

cyberconIQ offers partners a differentiated approach to impactfully help customers reduce their risks and mitigate costly attacks. Expand your portfolio, reach new decision makers and realize healthy margins while protecting your customers' most valuable assets.

Reduce The Probability and Total Costs of Successful Cyber Attacks

Advance The Risk & Compliance Culture Within Your Organization

A Differentiated Portfolio

Whether reselling our solutions or incorporating them into your own portfolio, cyberconIQ offers its partners opportunities for profitable growth and differentiation. Help your customers quantifiably empower the last mile of their human firewall while creating a positive culture of trust and reinforcement.

myQ

Patent-Pending Style Assessment

Our non-invasive cyberconIQ assessment determines your risk style, and is the foundation for our personalized education platform to keep you safer online.

unIQue

Adaptive Learning Platform

After taking the cyberconIQ assessment, you'll receive your online behavioral risk-style and customized education based on threat vectors of most risk to your style quadrant.
